

RICK VOLKER AIRSHOWS

Testimonials:

"Watching Rick Volker's Harvard solo demo this year as an air boss and a show producer, I have to say it is the best solo T6 / Harvard act around. He takes this huge heavy airplane and makes it look nimble and quick.

The photo passes are great with such a large and nicely painted plane, and the aerobatic maneuvers look almost impossible with such a heavy machine.

As a pilot, it is impressive to watch knowing how difficult it is. Non-pilots love it because it is loud, lots of smoke, large and very close.

I have watched Rick's show improve over this year as he gets to know the airplane better and can push its limits farther and farther. I can't wait to see what he can do with it next year!"

David White

Waterloo Airshow - Waterloo, Ontario

"Rick does things with a T6 that would seem impossible. He is to the T6 as John Mohr is to the Stearman."

"He keeps turning and maneuvering to stay right in front of the crowd."

"A professional and accommodating performer."

Joe Singerman

Eastern Townships Airshow - Bromont, Quebec
